Slide with Lots of Text!

Imagine trying to live in a world dominated by dihydrogen oxide, a compound that has no taste or smell and is so viable in its properties that it is generally benign but at other times swiftly lethal.

I Wish I Knew More Math!

But this sure looks pretty:

Famous Epics

Poet	Title	Language	Hero
Homer	*Iliad*	Greek	Achilleus
Virgil	*Aeneid*	Latin	Aeneas
	Beowulf	Old English	Beowulf

Some Metafun Wizardry!

Metafun has a really amazing feature: it can locate positions in your text and anchor graphics to these positions. You can use this for all kinds of purposes: put a background behind certain words, connect them with lines or arrows, etc.

A picture taking the entire width

```
name: dummy

file: botticelli

state: unknown
```

```
          name: dummy

     file: apollobelvedere

       state: unknown
```

And here's a picture
with text next to it.
